Bolton and Barron Building

REPRESENTED IN
NEGATIVE FILE

H.A.B.S. SURVEY NO.

CAL-1232

History - Built before 1854(1849?)Some changes in 20th century (tile
 dado of facade's first level, fire escapes,
 etc.) probably after 1906 fire. Demolished
 in late 1950's.PUBLISHED
PHOTOGRAPHSPUBLISHED
DRAWINGSDescription - 3-story brick, stucco and stone
 with cast iron pilasters and consoles on
 first level of facade. Heavy simplified
 classical cornice surmounted building. Wall
 (over)

of unusal thickness. (Original building of 1849 was said to be standing in 1935, at Century of Commerce Celebration but the so-called Bolton and Barron Building, described above, seems unlikely at this earliest phase of S. F. building - in terms of its Italianate Style and sturdy brick construction with cast iron details).
